

FAMILY TO FAMILY

Family to Family helps other Beaumont families in crisis and provides transportation for students in the Dental Clinic Program.

The Dental Clinic is a T/E sponsored group that offers reduced cost dental care to families who qualify. This program needs drivers* to volunteer to transport students from Beaumont to TE Middle School to see the dentist.

Family to Family has an immediate need for meals. We are establishing a database of people who can assist in helping other Beaumont Families.

Please fill in the information below if you can help with meals and/or driving. Return the form to the office and we will contact you in the event an occasion arises to help a fellow Beaumont family.

****All information is to remain confidential****

Any questions please contact Maureen Sloan 610-517-9065 or Connie Egan 610-644-1130.

Thanks for helping support our Beaumont community.
