Nov. 17 at 9:15am
Feb. 17 at 9:15am
March 17 at 9:15am
April 21 at 9:15am
May 19 at 7pm
June 9 at 9:15am

*all meetings are held in the large group room
 *HSA meeting minutes will be available, for you to view, in the HSA file folder in the main office, on the HSA website, and on the HSA bulletin board in the lobby.
 *For those of you who have volunteered, or are considering it, the district "Guidelines for Volunteers" will be in the HSA file folder in the main office.

575 Beaumont Road Devon, PA 19333 District Hotline: 610-240-1970
 Office: 610-240-1400 District Website: www.tesd.net
 HSA Website: www.beaumonthsa.org

Dear Beaumont Families,

What a lovely fall season it has been at Beaumont! We appreciate the efforts of the parents and students who helped to decorate the front lobby area with beautiful mums, autumn leaves, colorful plantings and spooky pumpkins. The students, staff and parents have already been very busy this month with a variety of school activities both in the classrooms and outside on the fields.

The Beaumont Fun Run committee sponsored the second annual "Race Back to Beaumont" event. Approximately 87 families participated with nearly 200 children engaging in a variety of activities. Beaumont staff members facilitated relay races and games to involve all age groups. The children enjoyed fun snacks such as yogurt, soft pretzels, and pizza. A special "thank you" is extended to Jodi DePhillipo for chairing the committee, Mrs. McConaghy for leading the relay races and Mr. Ricci, Mrs. Meyer, Miss Senior, Mrs. Capriola and Miss Fogel for their participation.

The Beaumont Health Council met for the first time this year in October. The council consists of parents, teachers, school nurse and district food service staff. This year's health theme is "Whole Grains." Beaumont rotates through five themes every five years. They are: *Eat Your Colors*, *Whole Grains*, *Water Cycle*, *Healthy Snacks*, and *Portion Control/Size Wise*. The school will prepare for cafeteria education sessions and a school-wide event day in the spring.

The students and staff look forward to the Book Fair coming up October 25 – 29 in the large group room. This is a great opportunity for the students to select some wonderful books and for the parents to visit the fair during two special events: October 26 for breakfast treats and October 28 for Family Fun Night.

Coming up in November are Parent/Teacher Conferences scheduled for November 17 (full day 1:00 PM - 8:40 PM), November 18th (half day), and November 19th (half day). We are excited for the Fall Music Concert on November 16th at 2:00.

ERB standardized testing has been completed and all make-ups were scheduled. The classrooms continue to be in full-swing of instructional activities and curricular programs.

As always if you have any questions or ideas, please call me directly at 610-240-1401. Have a wonderful end of October and welcome November's brisk breezes and colorful hues.

All the Best,
 Stephanie Demming, Principal

Beaumont Elementary School

Home & School Association

The Beaumont HSA proudly announces a Family Dinner Fundraiser!

"What a delicious way to support your school!"

Tuesday November 9, 2010

11:00am – 8:00pm

Print and bring this flyer to JIMMY'S BBQ on Rt. 30 in Malvern and Jimmy will graciously donate 20% of your total order to Beaumont!!

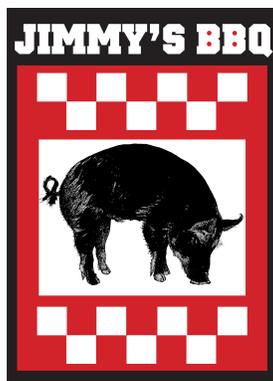

Flyer MUST be presented for Beaumont to receive donation.

Please share this flyer with friends and co-workers!

This fundraiser is an ALL DAY event and will be honored for eat-in or take-out during both lunch and dinner.

When placing a pick-up order over the phone, please mention that you are supporting Beaumont Elementary School.

Jimmy's BBQ prepares traditional dry-rubbed Memphis style BBQ. All meats smoked in-house. All menu items made fresh from scratch daily.

JIMMY'S BBQ

Westgate Plaza
309 Lancaster Avenue
Malvern, PA 19355
610-879-8805

Visit us online at

www.JimmysBBQ.com!

Stop by and enjoy our genuine, slow-cooked BBQ!
Open 7 days a week

Family Pack and Game Day Specials available Daily!

Jimmy's offers BYOB and Free Wi-Fi as well as fun, unique off site catering options!

"Come visit us at Jimmy's, where it always feels like summertime!"

FLITE

Design a Bookmark Contest

- The bookmarks will be (2.5 x 8.5 in.)
- The artwork will only be on the front side.
- The message portrayed should have to do with learning, books, kids, music, etc.
- The logo for FLITE is "Help FLITE Help Kids."
- The drawings should be handed into Mrs. Cataldi, in the BES art room, by Friday, November 12.

The winner will receive a certificate, will be highlighted through newsletters, and hear their name announced over the intercom. Many copies of the winning bookmark will be available. FLITE, Foundation for Learning in Tredyffrin/Easttown, works in partnership with the Tredyffrin/Easttown School District to help all district students reach their potential. FLITE recognizes that some children do not have the financial, emotional, and environmental support to succeed in school. FLITE aims to invest in helping these students, and thereby invest in the good of our entire community.

WinterFest is Coming!

Tuesday, November 30th, 6-8 p.m.

THIS YEAR, THE FOCUS IS ON FUN!

This fun family outing will include:

- **CHILDREN'S SHOP:** Parents can enjoy refreshments while children have their very own holiday shopping experience, supervised by a student from MASH.
- **ICE CREAM SOCIAL:** Come for dessert and support MASH! Ice cream will be dished up by MASH students.
- **CRAFTS:** Children can make cute winter decorations that also make great gifts! Tickets will be presold, while supplies last. Watch for your form in The Blast.
- **REFRESHMENTS:** Parents can enjoy complimentary coffee and tea, refreshments will be sold for everyone's enjoyment.

Volunteers needed!

For info, contact Kate McAllister at katemcallister01@gmail.com, 484-318-7606 or Susan Cantando at susancantando@verizon.net or 610-647-4623.

BEAUMONT GRADE LEVEL NEWS

OCTOBER 2010

Kindergarten

Our theme for October was "Amazing Autumn." This theme was incorporated into all areas of the curriculum and many exciting learning experiences were planned for our students. The children were exposed to an array of literature about the fall season with a concentrated focus on a study unit about pumpkins. Highlights of this study unit included:

- A culminating field trip on October 18th, to Sugartown Strawberries where the children were able to tour a working family owned farm, ride the hay wagon out to the fields to pick their own pumpkin and maneuver their way through the corn maze
- Pumpkin Extravaganza, on October 21st, was an interactive math event which engaged the children in 4 learning stations that involved measuring pumpkins, comparing and contrasting pumpkins, surveying pumpkins, and recording our results on a graph.

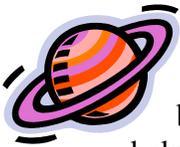

This month was also Fire Prevention Month - we learned about fire safety throughout the month and a fire truck visited Beaumont on October 13th.

First Grade

Happy fall from First grade! In first grade, we have been very busy. We have settled into our routines very nicely. In Social Studies, we have begun our study of maps. We started with our community - each student researched a place in our community and created a power point that explained why that place is important to our community. We will start our study of maps of the United States and study the compass rose. We will begin our study of world maps as well. We want the children to locate North America and our neighbors. In math and science, we have

completed our study of measurement. We have measured with rulers, objects around our classroom and the science lab. We also used scales to weigh many different things. We measured cups, pints and gallons. Ask your child about Mr. G! We will begin our study of the Solar System this month. As always, thanks for your continued help and support! ☺

Second Grade

Second Grade has enjoyed digging into the wonderful experiences presented them since the start of the school year. This month the children have had many informative lessons. One such lesson was presented from the Berwyn Fire Company. Have you discussed

the answers to such questions as...Are your smoke detectors working? Do you have a meeting place outside your home in case of an emergency? Also, the Tooth Lady came to discuss the care and importance of brushing teeth correctly. Do you know that names of all of your teeth? The author, Alan Katz delighted the children with poems that still have the children laughing. October ended with the first of our Home and School yearly Book Fairs. What a way to encourage reading!

Speaking of “digging into”, we hope that by now our Beaumont Paleontologists have shared the treasures they found after digging into our dinosaur pit. Words such as, grid, sector, coordinates and fossils are just a few new ones that have been added to their vocabulary. One thing they all seemed to agree on is that being a paleontologist is a lot of hard work.

And yes, we also hope that you know the vocabulary word of the week! To date we’ve learned **establish, decipher, perplex, exquisite, frugal, jubilant, repercussion and recruit.**

In science, second grade completed the unit on “Changes” and are now starting a new topic, “Balancing and Weighing.” A fun filled day of circus activities will be shared later in December.

Last, but not least, information on the Holiday Literature project will be arriving on November 1st. Please read all of the information very carefully before starting. We hope that once the project is completed your child will see just how much fun reading and sharing a book can be.

Thank you for all of your help and support.

Third Grade

The third grade has concluded our Maps and Globes Unit with the creation of a physical relief map made of candy –what a fun activity!!! Did you know that there are two major mountain ranges in the United States? We have begun our study of Pennsylvania History, which includes learning about the Lenni Lenape tribe, also known as the Delaware Indians, and William Penn. Did you know that Pennsylvania is named after William Penn's father, Admiral Penn? Pennsylvania means "Penn's Woods." On Tuesday, November 16th we will be traveling to William Penn's home, Pennsbury Manor, which sits on the Delaware River.

Remember: we will leave school at 8:30 -- so please arrive by 8:15 at the latest!

Halloween is just around the corner, which means it’s time for Pumpkin Math. Please ask your child on Friday, October 29th, what they did in math that day. Be safe trick-or-treating!!!

Fourth Grade

4th Grade has had a great start to the year. The students have been studying Ecosystems in Science, which includes building an aquarium and terrarium and studying how the organisms and plants need one another and the affect of pollutants. In Social Studies we started the year by reviewing geography of the World and more specifically, The United States. Our next unit will be the study of colonization. As part of our reading program the students are working on a book show project at home that will be displayed for the whole school to view. Don’t forget projects are due, Friday, November 12th.

Special Areas & Support Areas

Applied Technology

Third and fourth grade classes began working on Map Skills learning about directions, symbols, grid coordinates, scale and distance. Additionally, third grade continued learning basic typing skills. Second grade classes are working on their first research paper on dinosaurs. Kindergarten and first grade classes are working on basic computer skills and learning and exploring basic functions of HyperStudio, a multi-media program.

Art

Kindergarteners created autumn trees using their hands as the trees and demonstrating the understanding of leaf rubbing. First graders completed their Mayan suns. Classes will continue with the theme of Mexico in an exploration of Frida Khalo. They will be creating portraits. Second grade completed their Matisse dinosaur paper cut-outs and will start learning about the Lascaux caves. Using simplistic methods students will create their own cave paintings. Third graders have been learning about Leonardo DaVinci and how he created inventions. Students were able to create their own inventions and make them look older by tea dying paper. Fourth grade has been working on their choice of either frontal view portrait or a threequarter view portrait. Classes will be placing their faces inside of a dollar bill that they will also design.

Library

Kindergarteners began the year by learning about how we take care of library books. We are now in our unit of fairy tales and folktales. First graders went over taking care of their books and heard some of the books that have been nominated for Pennsylvania Young Reader's Award before beginning our Japanese literature unit. In second grade, we went over library behavior, learned how to choose the "just right book," and read new books, as well as wrote class Halloween stories. Third graders reviewed using our automated system and have learned the "Trash and Treasure" form of note taking. They have just begun our dictionary unit. Fourth graders began the year examining our library and how it is set up. They have just finished the first unit in our new Media Literacy curriculum.

Music

There's music in the air! In music class the students have been learning about the Classical composer Johann Strauss Jr. Through various singing, movement, and listening activities, they have been able to experience his music. In addition, the 3rd and 4th grade classes have begun learning to play the recorder. The music doesn't stop there! The 3rd and 4th grade students who elected to participate in the orchestra and band have been practicing their instruments, as well as the chorus students who rehearse weekly before school.

"Where words fail, music speaks" - Hans Christian Anderson

Physical Education

Last month, we started with our team building and cooperative unit. This unit uses indoor and outdoor activities that promote problem solving and team building within the class. This is always a great way to start the year! Next we went right into our soccer unit. During the soccer unit, students learn basic soccer skills and a variety of games and activities that challenge kids to use these skills in a fun and low competitive environment. We are currently in our recess games unit. During this unit, students will learn a variety of outside games, such as four square and bearball that they can play outside at recess with their peers. These games allow kids to work on hand eye coordination and also positive social interactions with their friends

Important Information from the School Nurses

Birthday and party season is in full swing with cupcakes, brownies and various yummy treats being passed out in the classrooms. **Please keep in mind that some of our children at Beaumont Elementary have life-threatening allergies to peanuts, peanut products, tree nuts (pecans, walnuts, almonds, filbert/hazelnuts, macadamia, hickory, pine nuts, pistachios and cashews), milk, eggs, fish and red food dye.**

Please do not use these items in baked goods or send them to school in any form for shared treats.

Remember to read labels on pre-packaged foods and baking mixes carefully to make sure they do not contain these allergens **or are made on equipment that may be contaminated with peanuts and/or tree nuts. No one particular brand can be considered safe.** From time to time companies change the facility where a product is made or the equipment they use. Please check the label every time.

Thank you for your cooperation and assistance in keeping our students safe.

Eat more

Whole grains!

When parents think about whole grains, they usually just think about whole wheat bread.

And their kids likely think yuck.

It is important to eat whole grains though. In fact, according to the food pyramid, at least half of the grains your kids eat should be whole grains.

Eating whole grains have many health benefits, including reducing the risk of heart disease, constipation, and obesity.

To get your kids to eat more whole grains, it can first help to learn which foods count as whole grains, including:

- brown rice
- oatmeal
- popcorn
- many whole grain breakfast cereals
- whole wheat bread
- whole wheat pasta
- whole wheat tortillas

These and some other foods that have 'whole wheat,' '100% whole wheat,' or 'whole oats,' etc. as the first ingredient are whole grain foods.

White bread, white rice, corn tortillas, flour tortillas, and pasta, are made with refined grains, which have much of the fiber, vitamins and nutrients removed. Although some of the vitamins are then added back in, the fiber isn't, and these enriched grains still aren't as healthy as whole grains.

To get your kids used to eating whole grains, start early, introduce a few at a time, and keep trying.

Quote

Children are one third of the population and all of our future.

-Select panel for the promotion of child health

FALL ALLERGIES

Although many people often think that seasonal allergies are only bad in the spring, autumn can be just as bad, or worse, when ragweed and mold counts are high. Other common triggers for fall allergies include cedar elm and other weeds and flowers.

Symptoms of fall allergies are just like those caused by other types of seasonal allergies, and can include:

- A runny nose
- congestion
- itchy and watery eyes
- itchy or scratchy throat because of postnasal drip
- cough, which is often worse at night and in the morning

One of the biggest problems with fall allergies, is that typical allergy symptoms, such as a runny nose and cough, are often confused with having a cold or sinus infection.

Unlike an infection, people with allergies usually do not have fever or muscle aches. Also, the runny nose from a cold can start out clear, but it then often turns yellow and green. And allergy symptoms usually linger through the whole season, while cold symptoms generally go away in a week or two.

It can also help to avoid mold and ragweed pollen by monitoring your local pollen counts and staying indoors as much as possible on days when pollen counts are high. Also, avoid going outdoors in the early morning, when pollens are being released into the air. Finally, keep windows at home and in the car shut to decrease your child's exposure to things that might trigger his or her allergies.

COMMUNITY SERVICES

Is Collecting for "Little Smiles"

Students can help brighten the days for patients at CHOP by making get well cards, donating new activity books, and making friendship bracelets. There is a collection box in the lobby. We are also currently collecting little girl fancy dresses in all sizes for a fun outing for patients of CHOP.

"Little Smiles" is a non-profit 501(c)3 organization that reaches out to children in local hospitals, hospices and shelters. They are local, immediate, and hands on; and our Board of Directors is comprised of all volunteers.

The mission of Little Smiles is to help children escape their everyday pain and allow them to be a kid again, even if it's for a short period of time. We respond to the needs of the children and provide whatever we can to make their day a little brighter. We help put a smile back on the faces of children who need it most.

If you would like to help, please send in an activity book, have your child make a card or picture, or even a friendship bracelet. Kids will also be able to make things during a rainy day recess.

Walking Club

Volunteers Needed

Enjoy the fresh air while promoting a healthier outlook for our Beaumont students.

Walking Club is a fun and easy way to become involved with Beaumont students.

(All you need to do is mark students' cards as they complete laps around the playground.)

We are looking for people who can work an hour shift once a week/once every other week. We will have two shifts on **Mon., Wed. and Fri.**

First Shift - 1st & 2nd grade

11:35 - 12:25

Second Shift - 3rd & 4th grade

12:35 - 1:25

If you are interested in helping, please contact Sue Moody at smoody17@comcast.net and let her know. what days will work for you, if you can work every week, or every other week, and what shift you would like. (If you have kids in both shifts we can try to alternate your shifts.)

Thanks!

The Lion, the Witch & the Wardrobe

Theatreworks USA's enchanting musical is based on C.S. Lewis' adventure story about four children of war-torn England, who accidentally enter the land of Narnia by climbing through a magic wardrobe. This strange and wondrous place is ruled by the cold-hearted White Witch, who makes the winter last year round. Although they seem unlikely saviors, the children fulfill an ancient prophecy by defeating the witch, thus restoring sunshine and peace to the spell-bound Narnia and returning the great Lion King Aslan to his throne.

Parents

ARCH invites you to

A presentation discussing **YOUR influence**
as a protective factor in your child's life...
especially during the adolescent and teen years.

Thursday, November 11, 2010
Valley Forge Middle School ~ 7pm

Results from the **2009 Pennsylvania Youth Survey** will be released and reviewed at the event. Immediately following, speaker and consultant **Jim Campain** will discuss the role of "**Parents as a Protective Factor**" for teens and adolescents.

All TESD parents are invited to attend.

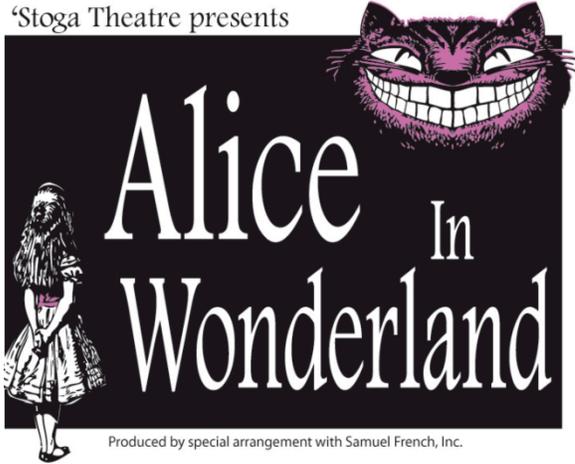

- The Pennsylvania Youth Survey (PAYS) is administered every other year to Chester County public school students in grades 6, 8, 10, & 12. *The most recent survey was administered in Sept 2009. Conestoga also surveys grade 9.*
- PAYS measures student behaviors, attitudes and knowledge concerning alcohol, tobacco, other drugs and violence.
- The survey also gauges protective and risk factors influencing your students.
- Visit www.ARCHcares.org to see 2007 and 2005 PAYS results.

Speaker Biography... **Jim Campain** is the owner of Red Truck, LLC, a training, consulting and management firm. Along with his wife and co-owner, Jan, they have assisted over 60 communities across 20 states implement school and community-based prevention strategies. He is co-founder of ACTUALITY®, a strategy used to implement social norms campaigns. Jim is a faculty consultant in the School of Social Work at Colorado State University, assisting graduate students during their internship placements. Jim served as Student Assistance Coordinator for the Poudre School District for 30 years, where he led the District's mental health team, crisis response efforts and ATOD prevention programs. As a licensed clinical social worker, he maintained a private practice specializing in family and couples therapy, as well as conducting child custody evaluations for family court. Jim is currently on the board of the National Student Assistance Association and an adviser to the boards of TEAM Fort Collins and Boys and Girls Clubs of Larimer County, CO.

ARCH Mission: We are a coalition of parents, educators, and community members committed to promoting the well being of youth in Tredyffrin and Easttown Townships. We serve as a resource to families as they help their children form a positive self-image, make healthy choices, and reduce the use of alcohol, tobacco and other drugs (ATOD).

November 20 – 2:00 pm &
7:30 pm

Follow Alice through the looking glass with director and producer Nicole Gerenyi in this remarkable production based on the 1932 stage adaption of Lewis Carroll's books Alice in Wonderland and Through the Looking Glass. The story's mixture of fun, irony, sense and nonsense will appeal to young and old alike—children will love the whimsy and adventure while more mature viewers will realize the wit and wisdom of Carroll's bizarre caricatures.

All seats reserved - \$10. Special discounts - \$8 for Students (age 19 & under) Seniors (62+) & TESD Staff, \$6 for Groups of 15 or more.

To purchase TICKETS & for more information visit www.stogatheatre.com or call 610.240.1022

It's never too early to begin planning for summer, so mark your calendar for Wednesday, January 26th, 2011. It's the 24th Annual Main Line Camp Fair at **Conestoga High School**. Representatives from approximately **100 pre-school, day, residential, academic, and travel/adventure** camps will be available to discuss their programs in detail. Prospective campers can explore various opportunities through video presentations and brochures. **Admission and Parking are free**. Families with children ages preschool thru 18 are encouraged to attend. Whether you are interested in a day camp, overnight camp, preschool or a travel program, whether you are looking for a camp with an academic, sports, or other leisure activity focus, you will find it at the 2011 Main Line Camp Fair.

Sponsored by the Devon Elementary School PTO.

**Wednesday, January 26, 2011
5:30-8:30 pm**

Conestoga High School

**200 Irish Road
Berwyn, Pennsylvania
(Snow Date: February 2, 2011)**

For more information and a list of participating camps visit
