Hello Beaumont Families,

May is upon us and it is a very busy month at Beaumont. The nominating committee is busy filling the chairman positions for next year. If you are interested in getting more involved with the HSA contact any board member and we would be happy to speak with you.

Our School Supply Kit fundraiser order forms will be coming home next week.. This is a new event that we added last year and it was very successful. Just fill out the form and send in your check. The company will purchase all the needed supplies for your child, and you will be able to pick them up at the school in the fall on Tuesday before the first day of school. It's just that easy. Just note that the company CAN NOT get our work boxes, so you will need to provide that for your child. The teachers have reviewed the lists to insure that they are accurate and up to date.

We will be very busy this month. Our Plant Sale order forms are due Tuesday April 28th. The Parent Social is scheduled for May 16th at Mackenzies in Frazer and is sure to be a very fun night. Come out and enjoy a festive spring night with other Beaumont parents. The Mother/Son Event is on Sunday May 17th and will be lots of fun for our boys and their moms. They will spend the afternoon exploring the outdoors! Theme Week will be the week of May 11-14 and is sure to entertain and educate our kids in the arts, which is this year's theme. We end the month with Play Day which will be on May 29th. It is going to be so much fun for all the kids and so much easier for the parents this year, as we are going to have wristbands instead of tickets! If you are interested in helping on any of these committees please see the website and contact the chairperson for that event.

Remember to check out the Beaumont HSA website (beaumonthsa.org). It is an easy way to get connected to what we are doing at Beaumont. Any flyer, order form or important information is on the website.

Thank you for being an important part of our Beaumont community.

Warmest Wishes,
Sherril Gartner
 HSA President

School Board Update

Summaries of School Board Committee Meetings for April 2009

Visit www.tesd.net and click on 'School Board' for meeting dates, agendas and minutes.

Education Committee, Chair: Debbie Rollins

Prepared by: TESD Public Information Office
Reviewed by: Committee Chair

The Education Committee met on April 14th. The Committee received a report on electronic learning. The Committee recommended that the District pilot online coursework at Conestoga High School during the 2009-2010 school year.

Next, the Committee received a report on Special Education programs. The focus of the report was to describe the change in state classifications of special education programs and the impact on programs at the elementary level. Beginning in the 2009-2010 school year, additional supplemental support programs will be offered at Beaumont and Valley Forge Elementary Schools.

The Committee received two additional reports: one on school safety and one on creativity initiatives. The school safety report focused on student assistance programs, the DARE program and internet safety. The creativity report focused on work completed during the 2008-2009 school year, which will inform the work of the District Creativity Committee to be formed by 2009-2010.

Facilities Committee, Chair: Pete Motel

Prepared by: TESD Public Information Office
Reviewed by: Committee Liaison

The Facilities Committee met on April 17th. The committee discussed the scheduled infrastructure and capital projects to be completed during the summer of 2009. The scope of the work was reduced to control expenses. In addition, the Committee asked the administration to review the need for camera equipment to be installed in the administration office for use District wide. Dr. Waters recognized the efforts of the custodial staff to consistently have schools operational by the first day of each new school year. He stated that with the number of projects scheduled for this summer, the typical custodial support will be needed to ensure a prompt opening for 2009-2010. In addition, he thanked Mr.

Plyler for his continued leadership in support of completion of the projects.

Bids for the renovation work at Devon Elementary School were opened this month. The construction work to create additional classroom space at Devon is needed due to increasing enrollment. The Committee agreed to move the acceptance of bids for the renovation work to the consent agenda of the April Board meeting.

Other Committee recommendations that will be included on the consent agenda of the April Board meeting include an agreement for the removal of underground gasoline and diesel storage tanks at the Transportation facility and an agreement for the design, supervision and monitoring of the tank removal work to ensure compliance with the Department of Environmental Protection.

The Committee was updated on Tredyffrin Township's efforts to install a green roof within the Township. The Committee agreed to include a recommendation to participate in the PA Department of Education's Growing Greener Grants Program and allow a green roof to be installed on portions of Hillside Elementary School on the April Board meeting consent agenda.

Finance Committee, Chair: Kevin Mahoney

Prepared by: TESD Public Information Office
Reviewed by: Committee Liaison

The Finance Committee met on April 13th. The Committee reviewed the financial statements. The administration noted that, as in recent months, transfer tax and delinquent tax revenue is lower than the prior year. The administration is keeping a careful watch on spending to potentially end the year with a balanced budget.

The administration presented a Food Services capital investment plan and outlined short term and long term future capital equipment needs. The Committee discussed the capital equipment needs and installation costs.

The administration presented an overview of the 2009-2010 budget and answered questions from the March 30th budget workshop. The Committee discussed the budget information compared to data from 2008-2009.

The Committee heard an analysis from a representative of an independent securities, asset management and investment banking firm on whether the District should consider paying off its 2004 Bond Series early. The Committee discussed the economic effects if the District paid these bonds in August 2009.

The Committee asked the administration to prepare two 5-year expenditure projections, one including an expenditure for the prepayment of the bonds and one without the prepayment expenditure.

Policy Committee, Chair: Liane Davis

Prepared by: TESD Public Information Office
Reviewed by: Committee Chair

The Policy Committee met on April 16th. The following policies will be sent to the Board for a second reading at their regular meeting on April 27th: Policy 5440, *Free or Reduced Price Meals*; Policy 6121, *Philosophy of Education*; Policy 6163, *Intellectual Property – Ownership*.

The Committee recommended that the following policies be sent to the full Board for a first reading at their April meeting: Policy 1124, *Distribution of Promotional Information*; Policy 9313, *Video Recording of School Board Meetings by the District*; Policy 5222, *State Assessments*; and Policy 5224, *Reporting Student Progress*.

The Committee reviewed the following policies and did not recommend any change: Policy 5117, *Student Travel*; Policy 5221, *Evaluation of Student Progress*; and Policy 5301, *Social Activities*. Policy 1131, *Parent Organizations* will be discussed by at a future date.

Public Information Committee, Chair: Pat Wood

Prepared by: Committee Chair

The Public Information Committee met on April 14. The administration presented a revised TETV school board programming schedule. The new schedule will include broadcasting the monthly School Board meetings, or budget meetings when applicable, daily at 9:00 pm and on Tuesday, Thursdays and Saturdays at 10:00 am. *T/E Board Talk* will be broadcast at 6:00 pm daily and is also

available on-line. Hopefully, this will provide more convenient viewing times for residents.

The Committee recommended that a resolution opposing the Keystone Exams be sent to the full Board for approval at its regular meeting on April 27th. The Keystone Exams have been proposed as a substitute for the Graduation Competency Exams. The GCA's were opposed by many school districts and organizations. The Committee believes that these new proposed exams would not be of benefit to T/E students either.

The Committee reviewed and discussed a summary of the public records request log. These requests will serve as one guide in deciding what information would be of general interest and value to the community and, therefore, should be made available on the District web site. The Committee asked the administration to continue to monitor these requests. Public information requests should be made of Mr. Art McDonnell, Business Manager.

The Committee reviewed a legislative advocacy communication plan with new and additional information on electronic advocacy. The legislative advocacy communication plan will serve as a resource to help gain support from community members and legislators on issues that have a positive or negative impact on the T/E School District.

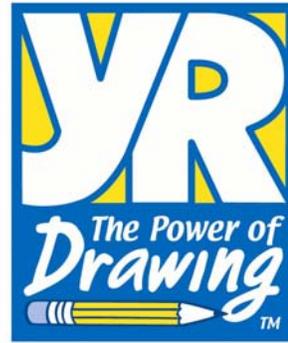

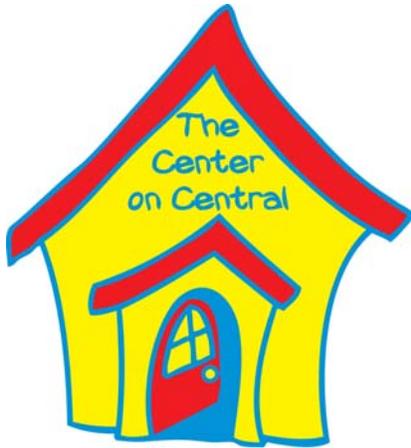

The administration gave the Committee an update on the District's communication survey. Please visit www.tesd.net and click on "Communication Survey" to record your thoughts. Paper copies of the survey are also available at all school buildings. Survey results will be available in June.

Staff Appreciation Week is in May. The Committee asked that a delivery of cakes and thank you cards be made to all District buildings during that week with expressions of appreciation from the Board to employees for their dedication to the students of the District.

School Board Programming on T/E TV:

- Regular School Board Meeting – 9 pm daily
- *T/E Board Talk* - 6 pm daily and on-line at www.tesd.net under "T/E TV"
