Regarding planning your team's auction item... *Think outside the basket!*

- Regarding packaging – baskets are great but not mandatory. Often display space becomes limited, so feel free to go slim on the packaging.
- Please know that it is OK to combine with other teams if preferred. A sample of items that may be afforded when teams combine are: Kindle or Nook, Apple gift card, iTouch or iPAD. Electronics are always popular.
- If you are soliciting items be donated by a business, there is a letter online that you can present to the business owner (which includes BPALL's Tax ID number).
