2:40-3:00 Mrs. Pennewill

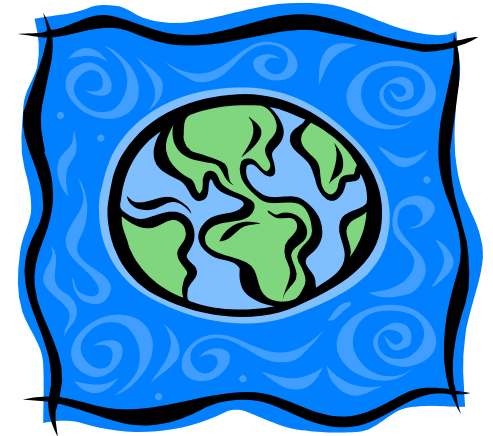

FRIDAY

REMEMBER THE RIVER

Maya Van Rossum, the Delaware Riverkeeper, will speak to the students about the Delaware River watershed, the threats it faces and her efforts to protect it. This is a great conclusion to the week and the students will present her with Beaumont's donation raised through our "wishing pond".

1:30-2:15pm General Assembly

BEAUMONT THEME WEEK April 16-20, 2012

Essential to all life on Earth, water is our most precious resource. Theme Week 2012 will immerse Beaumont students in learning about all aspects of water through hallway displays and daily assemblies. We invite you to come in and learn about ecosystems, conservation, aquatic life, water sports and more! Attend an assembly, view the displays, and participate in Theme Week 2012.

Please also consider sending your child/children into school with coins to drop into our "wishing pond". All donations go to Delaware Riverkeepers, a local water conservation/protection /advocacy agency.

MONDAY

AQUARIUM DAY

The New Jersey Academy for Aquatic Sciences brings us a day long program which includes an assembly and four hands-on tables that have live animals and sea biofacts.

Assemblies

TUESDAY

MERMAID TALES

This theatrical storytelling event is a whimsical interactive way to explore mystical sea life. The audience becomes the show and together creates rip-roaring sea adventures.

9:00-9:30 General Assembly

There will be a discussion about the fine art ocean themed collages on display, a show and tell of how some of the costumes, puppets and props were created for the show, plus an overview of how the shows will be coming to life with everyone participating

Theatrical Show

9:30-10:30 - 1st grade & AM Kindergarten

10:40-11:40 - 2nd grade

1:00-2:00 - 3rd grade & PM Kindergarten

2:10-3:10 - 4th grade

WEDNESDAY

WORLD OF REPTILES ASSEMBLY

World of Reptiles will showcase live reptiles and discuss species that depend on water for their survival. This assembly not only focuses on reptile water habitats but touches on conservation issues.

10:00 - 11:00

1st & 2nd grades & AM Kindergarten

1:15 - 2:15

3rd & 4th grades & PM Kindergarten
